Introduction

On-the-Job Training (OJT) is a training program for College of Engineering and Information Technology Education students designed to apply their knowledge and skills by immersing themselves in a working environment related to their program to be able to apply their skills and determine possible work opportunities. This program will be used for the determination of the possible revisions of curriculum and identification of the most relevant skills that will be integrated in the teaching of students while in the class.

Vision, Mission and Core Values of College of Engineering and Information Technology Education

Vision: To be the Center of Development in Engineering and Information Technology Education by 2030

Mission: The College of Engineering and Information Technology Education is committed to develop assertive, competitive and innovative professionals imbued with Asiatechian values

Core Values:

Accountable: I am accountable of my actions that influence the lives of other stakeholders. I assume responsibility that further strengthens the lives of the other stakeholders. I assume responsibility that further strengthens my faith and character to be able to harness challenges.
Service-Oriented: Service excellence is more than what we provide. It's how we think and act. It's more than fixing the problem. Its prompt responses, consistent communication, quality information, and focus in providing a superior experience to and with other stakeholder.
Innovative: I strongly agree in the anticipation of change and shape it to fit our purpose. I acknowledge the weaknesses within the institution and help create ethical, forward thinking solutions to overcome them. I am very much willing to collaborate to identify, develop and deploy leading edge strategies, development programs, and system improvement tools.
Adaptive: In order to be successful, it is imperative to be able to deal with new technology, with new methodology, and most important to be willing to change with the times and I will see myself as a change agent who can offer a range of supportive efforts to reduce resistance and build loyalty and commitment.
Team-oriented: I will work openly and collaboratively with others as one team across boundaries. I took forward to help build a strong and effective relationship working in team. I will help encourage and motivate others to contribute and actively seek feedback. I believe in the idea of putting the team before the individual, recognizing that everyone will rely on each other to succeed.
Efficient: As a team player, I will be obedient to all the tasks delegated to me, ask for help when needed, communicate clearly and concisely both verbally and in writing, carry directions promptly, make the best use of other's time as well as my own, and take the initiative to resolve recurring problems and eliminate redundancies.
Committed: I am a person who works wholeheartedly. I work not for the money alone but for the commitment to serve.
Honest: The quality of being honest and fair is that type of person I possess. Honesty to God and to the school as well as fair treatment to everyone will always prevail.
Industrious: I will regularly and habitually keep myself active to the task assigned to me. I am willing to extend assistance to others when needed.
Articulate: I deliver information and knowledge clearly.
Noble: I am that person who possesses personal qualities that other people admire.

Attributes and Competencies of BSCpE, BSCS, BSIT and BSIS

BSCpE: The Computer Engineering curriculum is designed to guarantee breadth of knowledge of the discipline through a set of professional courses and to ensure depth and focus in certain disciplines through cognates/tracks. Also, it develops student's ability to use modern tools necessary to solve problems in the field of computer engineering. The curriculum include courses to cover Knowledge Areas as:

1. Circuits and Electronics
2. Computing Algorithms
3. Computer Architecture and Organization
4. Digital Design
5. Embedded Systems
6. Computer Networks
7. Professional Practice
8. Information Security
9. Signal Processing
10. Systems and Project Engineering
11. Software Design
12. Occupational Health and Safety
13. Technopreneurship

BSCS: The Computer Science curriculum includes foundation and professional courses that cover theory, algorithm, software design and development, and new development in computing. The curriculum should include courses to cover Knowledge Areas as:

1. Algorithm and Complexity
2. Architecture and Organization
3. Discrete Structures
4. Human Computer Interaction
5. Information Assurance and Security
6. Networks and Communications
7. Operating System
8. Programming Languages (Design and Implementation)
9. Software Development Fundamentals
10. Software Engineering
11. Social Issues and Professional Practice

BSIT: The Information Technology curriculum includes basic and advanced courses on planning, development, integration, and management of information technology infrastructure that provide computing solutions to address the needs of organizations. The curriculum should include courses that cover Knowledge Areas as:

1. Information Technology Fundamentals
2. Human Computer Interaction
3. Information Assurance and Security
4. Information Management
5. Integrative Programming and Technologies
6. Networking
7. Platform Technologies
8. Systems Administration and Maintenance

9. Systems Integration and Architecture
10. Social and Professional Issues
11. Web Systems and Technologies

BSIS: The Information Systems curriculum encompasses introductory and professional courses to cover the various information system functional areas. In addition, the curriculum shall include business enterprise domain courses. The curriculum should include courses that cover Functional Areas as:

1. Fundamentals of IS
2. Professional Issues in Information Systems
3. IT Infrastructure and Network Technologies
4. Systems Analysis, Design and Development
5. Enterprise Architectures
6. IS Project Management
7. IS Strategy, Management and Acquisition

For the list of competencies please see respective CMO's for BSCpE, BSCS, BSIT and BSIS

Host Company

The following are the list of suggested host companies for OJT:

1. Information and Communications Technology(ICT) Companies

2. Engineering Enabled Businesses

These are companies which are relevant to ICT and engineering offerings of the institutions such as:

- Information and Communications Technology
- Telecommunications companies
- Government agencies that the work are related to the field
- Semiconductors companies

Choosing the Host OJT Company

In choosing a host OJT company the student-trainee should consider a company that can provide a variety of experiences related to their field.

Guidelines of OJT Training Program

1) The Dean of the College of Engineering and Information Technology Education should prepare a list of recommended students to take the OJT program to be submitted to the office of the VPAA.
2) The student shall enroll the OJT course if he/she is included in the list of recommended students to take the OJT training program endorsed by the Dean.
3) The student enrolled in OJT training program course is required to attend the orientation to be scheduled by the Dean.
4) The students who are enrolled in OJT training program should seek the following forms to the Office of the Dean.

FORM DESCRIPTION	DOCUMENT NUMBER
FORM A. OJT Checklist Form	FORM 01-OJT-CEITE
FORM B. Medical Certificate	FORM 02-OJT-CEITE
FORM C. Application Letter	FORM 03-OJT-CEITE
FORM D. Recommendation Letter	FORM 04-OJT-CEITE
FORM E. Acceptance Form	FORM 05-OJT-CEITE
FORM F. Weekly OJT Report	FORM 06-OJT-CEITE
FORM G. Evaluation Form of OJT student-trainee	FORM 07-OJT-CEITE
FORM H. Certificate of Completion	FORM 08-OJT-CEITE
FORM I. Student Practicum Agreement	FORM 09-OJT-CEITE
FORM J. Waiver	FORM 10-OJT-CEITE
FORM K. OJT Worksite Agreement	FORM 11-OJT-CEITE

5) The student must submit the accomplished forms on the suggested schedules:

FORM DESCRIPTION	Where to Submit	When to Submit
OJT Checklist Form	Dean/Dept. Chair	One month before the Internship Program
Medical Certificate	Dean/Dept. Chair	One month before the Internship Program
Application Letter	Company/ Dean/Dept. Chair	One month before the Internship Program
Recommendation Letter	Company/Dean/Dept. Chair	One month before the Internship Program
OJT Worksite Agreement	Dean/Dept. Chair	One month before the Internship Program
Student Practicum Agreement	Dean/Dept. Chair	One month before the Internship Program
WAIVER	Dean/Dept. Chair	One month before the Internship Program
Acceptance Form	Dean/Dept. Chair	One month before the Internship Program
Weekly OJT Report	OJT coordinator	Weekly(every class schedule)
Evaluation Form of OJT student-trainee	OJT coordinator	During Prelim, Midterm, Semifinal and Final Period Schedule
Certificate of Completion	OJT coordinator	One week after the completion of Internship Training Program

6) The student enrolled in the OJT training program is required to complete the number of hours as prescribed by his/her department.
7) The student who is taking OJT course should comply with the requirements of the company.
8) The student who is enrolled in OJT course should observe proper office decorum and dress code required by the company.
9) If in case there are concerns raised by the OJT student-trainee, company or school, he/she should approach the Dean/Department chair and Practicum Coordinator for proper action.

ASIATECH Responsibilities:

- Suggests a host company.
- Secures the approval from the host company.
- Conducts an OJT program orientation prior to OJT schedule.
- Designs a standardized training program that suits the needs of the OJT student-trainee.
- Provides a mechanism for the evaluation of the program for future enhancement.
- Assigns a qualified OJT coordinator.
- Monitors the activities of the student-trainee

OJT Coordinator Responsibilities

The monitoring and evaluation of the performance of the student trainees shall be done by the OJT coordinator assigned by the Dean. In the absence of the OJT coordinator the Dean shall stand as the OJT coordinator.

The following are the responsibilities of the OJT coordinator:

- Liaises with the host company.
- Provides and orients the host company on the use of the evaluation and other forms.
- Coordinates with the supervisor regarding the student's program, performance and the other student-trainee concerns
- Rates the performance of the student trainee based on the OJT training grading system
- Issues OJT Recommendation letter to student-trainee to be submitted to the Host Company.

Host Company Responsibilities

The following are the responsibilities of the host company:

- Provides opportunities to apply theory to everyday work challenges and to further develop skills.
- Provides practical and effective training to qualify the student for manpower needs of the industry.
- Periodically evaluates the work performance of the student and submits the evaluation to the school concerned.
- Coordinates with the OJT coordinator of ASIATECH regarding the student's program, performance and the other student-trainee concerns

Student Trainee Responsibilities

- Observes the rules and regulations of the host company
- Makes recommendations/proposals to the supervisor when necessary and upon request, regarding the problems encountered.
- Applies his/her knowledge and skills aligned with his/her program of studies.
- Completes all the requirements of the OJT program.

Grading System

The Final grade of the OJT student-trainee is based from the evaluation of the OJT coordinator, immediate superior of the OJT student trainee and the Narrative report of OJT student with the following weights:

Evaluation of OJT faculty	- 10%
Average Weekly Evaluation of immediate superior of the OJT student trainee	- 70%
Narrative report - 20%	

Monitoring of OJT student trainee

The following is the list of suggested monitoring schedule:

Regular Class schedule	-Every Saturday or as per schedule (18 Meetings)
Actual workplace Visitation	-Once per student for the whole OJT training program
Telephone Calls	-Twice per student for the whole semester.

FORM 01-OJT-CEITE

FORM A
OJT CHECKLIST FORM

Date Filed: _____

This form is used by the students who will take their OJT. Please accomplish all of the activities prior to internship application.

A. Basic Information of the OJT student trainee:

Student number	
Name	
Degree Program	
Expected Date of Graduation	
Age	
Gender	
Address	
Mobile Phone Number	
Home Number	
Preferred type of work	
Preferred location	

B. Checklist of Activities
Instruction: Kindly indicate in the complied column your completion comments. Write Y if you have complied already and N otherwise.

ACTIVITIES	Complied(Y/N)
1) Oriented about the OJT course and guidelines	
2) Oriented on the basic rules inside the OJT site	
3) Oriented on office decorum, proper etiquette and attire in the office	
4) Passed the medical/physical examination	
5) Oriented on the anti-sexual harassment law	
6) Filled up and submitted OJT Application Form	
7) Identified prospect OJT host company	

Note: I hereby certify that the information herein given by me is complete, true and correct to the best that I can.

To be filled out by the office of the college of Engineering and Information Technology Education Department.

FORM 02-OJT-CEITE

FORM B
MEDICAL CERTIFICATE

Date Filed: _____

This form is used by the students who will take their OJT. Please accomplish all of the activities prior to internship application.

A. Basic Information of the OJT Student

Student number	
Name	
Degree Program	
Expected Date of Graduation	
Age	
Gender	
Address	
Mobile Phone Number	
Home Number	
COVID Vaccine Brand	
Date of 1st Dose and 2nd Dose	

B. Parent's/Guardian Consent Note

I am aware of the information regarding medical/physical examination result as one of the requirements prior to OJT. I will allow your health care specialist to do medical/physical examination to my child.

B. Provider Information

Name : _____
Address : _____
Registration Number : _____
Provider's Signature : _____

C. Physical/Medical Examination Result (please encircle the result)

( ) Physically fit to work *( ) Not Physically Fit to work*
{Please attached the medical/physical examination certificate}

Note: I hereby certify that the information herein given by me is complete, true and correct to the best that I can.

APPLICATION LETTER

Date:

_____
_____
_____

Dear Sir/Madam,

Greetings!

I am _____ applying for **OJT Training** in your prestigious institution. I would like to learn from your prestigious institution as part of my career growth.

I believe that my strong technical experience and education will make me an effective candidate for the OJT training.

Please see my resume for additional information.

I can be reached anytime via email at sampleemail@gmail.com or my mobile phone 0912345678.

Thank you for your time and consideration. I look forward to speaking with you about this **OJT Training application**.

More power.

Sincerely yours,

_____

ASIA TECHNOLOGICAL SCHOOL OF SCIENCE AND ARTS
Bgry Dila, City of Santa Rosa, Laguna
Telephone:

_____
_____
_____

Dear Sir/Madam,

The Senior Student of the College of Engineering and Information Technology Education of Asia Technological School of Science and Arts, Santa Rosa City are undertaking this 2nd semester of School Year 2021-2022 their On-the-Job Training (OJT) for a minimum of 400 hours starting as soon as possible. In connection with this, I would like to endorse our student _____ with student number_____ in your Student Training Program. May we request if it is possible for the student to be assigned in any of the sections or departments related to her program of study.

We would highly appreciate whatever assistance you could extend to us what would in the long run, be both beneficial to the student and your company.

We hope that this will be a continuous partnership in shaping the country's professionals. Thank you for your anticipated support and cooperation.

Very truly yours,

_____
Dean

Direction: This form seeks your objective, honest and fair evaluation of the Student-Trainee's performance. Please indicate your rating on the different items by checking the appropriate number using the rating scale indicated herewith.

5 – Outstanding 4 – Very Satisfactory 3 – Satisfactory 2 – Unsatisfactory 1 - Poor

	5	4	3	2	1
1) Reports to work on time and regularly					
2) Reports to work in proper uniform and grooming					
3) Accepts responsibility and volunteer for an assignment					
4) Establishes rapport with the personnel he/she is associated with					
5) Cooperates with co-trainees with job-related concerns					
6) Show respect to his/her co-trainees, workers and superiors					
7) Has a great deal of initiative and enthusiasm to learn the job					
8) Learns job details quickly					
9) Performs the job without needing close supervision					
10) Finds way to do the job better					
11) Follows job instructions correctly					
12) Finishes job on time					
13) Prepares/ submits report accurately/ punctually					
14) Makes a worthwhile suggestions					
15) Courteous and considerate to clients					
16) Exhibit orderly and safe working habits
